Corporate Summary

BUSINESS.VN, Inc. ("BVNI"), a leading Vietnamese Internet technology and marketing company, is developing an exclusive e-commerce global business platform to promote, market and sell products and services of qualified Vietnamese companies.

BVNI is focused on marketing of travel and tourism services for visitors to Vietnam, and B2B Business to Business marketing of goods and services for Vietnamese companies, as well as importing and exporting between Vietnamese companies dealing with the rest of the world.

BVNI is affiliated with kayak.com to provide access to the best online values for travel services, including hotels, airfare, cruises, car rentals and vacation packages. See <http://www.hotels.vn>

International visitors to Vietnam, in first 6 months of 2008 reached 2,500,000 arrivals, 18% higher than those in the same period of 2007.

BVNI will assist Vietnamese companies to launch their products into the world market through online services similar to www.business.com.

BVNI has acquired a 300,000-business database of Vietnamese companies and is currently working to build a Search Engine Business Directory, a powerful e-marketing tool for Vietnamese companies.

BVNI owns and operates the www.Hotels.vn hotel reservation web portal, marketing over 400 hotels inside Vietnam. This comprehensive online travel web portal has been operating successfully for over 4 years and has great upside potential with a database of over 4,500 Vietnam Hotels.

Boom in Economic Development - Building Business and Travel Infrastructure

The Vietnamese economy has sustained a dramatic growth rate of over 8% annually during the past 5 years. This is the 2nd fastest of any country, second only to China. This strong, sustained growth rate has encouraged a large amount of Foreign Direct Investment (FDI), and continues to do so.

Vietnam announced FDI of \$31.6 billion as of June 2008, this 370% increase compared to June 2007 this is reportedly due to the improvement in Vietnam's investment climate, the country's steady economic growth and its stable political situation".

This substantial development of business infrastructure will increase the demand for business travel and the marketing of products & services abroad.

Vietnam is a beautiful country located in Southeast Asia, with a young population of 85,000,000 and a median age under 30 years old, and a 97% literacy rate (highest in the world).

Market Opportunity

Online travel business sales worldwide is expected to nearly triple from \$12 billion in 2004 to \$32 billion in 2009.

Vietnam is the 2nd fastest growing economy in the world, with an annual growth rate of over 8% GDP during each of the last 5 years, second only to China.

The travel and tourism industry in Vietnam grew by 18% during the first 6 months of 2008 compared to the same period in 2007.

Vietnam and the United States signed a Bi-Lateral Trade Agreement on May 31 2006 and Vietnam became the 150th member of the World Trade Organization on January 11, 2007.

Vietnam is an excellent and safe destination for investment, trade and travel according to many world business leaders.

B2B Networking / Directory

BVNI has a database of over 300,000 Vietnamese businesses and is building a business directory / search engine, market matching and selective market channel promotions. BVNI will provide the infrastructure for Vietnamese business to market their products and services to the world.
